

Science over COPHE

Wednesday,
November 16, 2022
4:00pm-5:30pm LSB 313

Careers on Personalized Health & Equity (COPHE)

Hosted monthly by the Maunakea Lab and the Integrative Center for Precision Nutrition and Human Health

A great opportunity to meet other researchers!

Effective networking is the best predictor of career success and is a vitally important part of scientific professional development. Come and join us for informal science-oriented discussion over light refreshments.

Coffee and refreshments will be provided.

E kūlia i ka nu‘u kākou

Time for FREE
food and coffee
among friends

Talk science and
enjoy snacks with
lab neighbors

Network with
colleagues from
across disciplines

Spark exciting
ideas & build new
collaborations

Share advice on
science &
academia
